

2018 PROPERTY TAXES

\$52 million in property tax is collected annually in Union County to fund county government, municipal governments and school districts. The majority of the property tax revenue (63%) is levied and utilized by the school districts for public education. County and municipal governments account for a smaller portion at 25% and 12% respectively.

Municipal governments and school districts also collect an Earned Income Tax (EIT) but the county does not. EIT is levied at 0.5% in all municipalities and varies from 1.3% to 1.55% in the four school districts.

Reporting Year	Municipality ID	Municipality	School District ID	School District	Tax Name	Municipal Tax Amount (%)	School District Tax Amount (%)	Total Tax Rate (%)
